Having been recently appalled and disgusted by a recent action of the New York state legislature and signed into law by Governor Cuomo legalizing a woman's right to abort a baby within seconds of birth, and further horrified by statements from the Governor of Virginia saying that a new born may be allowed to die after consultation between the mother and her doctor, I have decided to play the film "Unplanned" at the Lyceum Cinemas in Red Hook on March 29th.

This decision is not made for the purpose of financial gain. This will undoubtedly annoy many of our more liberal minded patrons in the Hudson Valley and we are expecting a harsh reaction from some, but, at age 70 and the father of four "special needs" brothers that my wife and I adopted 11 years ago, two of which were born addicted to cocaine and succeeded in becoming Eagle Scouts before their 18th birthdays, we are forever grateful that their birth mother did not choose to abort our children.

We seek all the help we can get to promote this film. Enclosed is a flyer that we would like to see distributed to as many people as possible prior to March 29th. If you would like to help our effort we can provide you with as many flyers as you need. Any and all assistance is greatly appreciated.

You may contact Jackie Mangiamele at our office in Red Hook by phone at 845 758 3322, or e mail at [lyceumcinemas@yahoo.com](mailto:lyceumcinemas@yahoo.com). You may contact me by e mail at [abjr555@yahoo.com](mailto:abjr555@yahoo.com).

Thank you for your attention. We look forward to hearing from you.
